

HEALTH & SAFETY POLICY

We are committed to maintaining a safe and healthy workplace and continually improving our Health and Safety performance.

It is our policy to ensure, so far as is reasonably practicable, the safety of all employees and all other persons who may be directly affected by the activities of the Company.

Our goals are:

- **No accidents**
- **No harm to people**
- **No harm to the environment**

AWS will, so far as is reasonably practicable:

1. Aim to achieve compliance with legal and other requirements through good occupational health and safety practise.
2. To work in accordance with the requirements of OHSAS 18001, to comply with applicable H&S legislation and to respect and take into account the interests of our stakeholders;
3. Establish and maintain a safe and healthy working environment to prevent against illness, sickness and injuries. Provide and maintain safe plant and equipment.
4. Ensure that significant risks arising from work activities under our control are eliminated or adequately controlled.
5. Develop and implement appropriate occupational health and safety procedures, and safe working practices.
6. To provide information, instruction and supervision to enable all employees to avoid hazards and contribute to their own health and safety at work.
7. To stop any activity which appears unsafe, or which is reported by personnel where they are uncertain whether the activity is safe or not;
8. To ensure our employees and contractors are familiar with our HSE systems, the policy is understood and implemented throughout the organization and are competent and trained to carry out their work safely;
9. Involve employees in health and safety decisions through consultation and co-operation.
10. Regularly review compliance with the policy and the management systems that support it.
11. Ensure that employees receive appropriate training, and are competent to carry out their designated responsibilities.
12. Our organization will consider external and internal issues that could influence the purpose and the strategic direction of the organization such as changes in H&S related regulations, new expectations of interested parties, staff morale and others as appropriate. We provide risk based management to ensure that all the risks related to health, safety, security and environment, which may directly or indirectly affect activities of our organization will be assessed, available hazards identified and effective control measures applied.

We will communicate our health and safety policy to all employees, subcontractors, partners, government agencies and the public and openly listen, consult and respond to their concerns.
